THE COMMONWEALTH OF MASSACHUSETTS
EXECUTIVE DEPARTMENT

MASSACHUSETTS EMERGENCY MANAGEMENT AGENCY

ARGEO PAUL CELLUCCI
GOVERNOR

A. DAVID RODHAM
SECRETARY

PETER G. LaPORTE
DIRECTOR

To: All Commonwealth Fire and Police Chiefs
From: Massachusetts Emergency Management Agency

Subj: Dive Team Directory

We owe a tremendous debt of gratitude to all Public Servants, Police, Fire, EMT, - all First Responders who act in behalf of our citizens.

The attached MASSACHUSETS DIVE TEAM RESOURCE DIRECTORY is being distributed to help expand the Commonwealth's capability in water rescue. Every Massachusetts Community, from a seaside town on the Cape to a community high in the Berkshires, has the potential to need fast, rapid response to a water related emergency. This Directory is an invaluable resource that you and your community can call upon.

If you have a Dive Team that is not included, please complete and return Section Three of the Directory. Our goal is to include every Dive Rescue resource in the Commonwealth in order to provide complete and rapid response to water related -emergencies. If your team is included, and you have changes, please use Section Three to let us know. We will update the Directory when needed.

Numerous individuals and agencies have contributed to make this Directory possible. I want to thank everyone involved, particularly Mr. Dale Jenkins, formerly the Governor's Special Assistant for Law Enforcement, for his support and assistance.

If you have any comments, or questions please contact my office, Mr. David Martineau at 508-820-1457 or 508-820-2000.

Sincerely,

Peter G. LaPorte

This directory is provided to the cities and towns of the Commonwealth of Massachusetts by the Massachusetts Emergency Management Agency (MEMA).

It is provided to facilitate the mobilization of Dive Team Resources by requesting agencies.

For additional copies, please contact:

Instructions

Section One is a quick ready reference guide to dive team resources in the Commonwealth. The teams are listed alphabetically in a matrix format with the emergency contact numbers and each of their general capabilities. This format is provided so an emergency dispatcher can quickly and simply choose a dive team with regard to location and type of incident.

Section Two contains detailed capabilities and data on each dive team in the directory. Users are encouraged to contact dive teams in the directory they might utilize in the future. It is important to establish contact and obtain additional emergency contacts and particular team information as required by the peculiarities of that area.

Section Three contains a sample dive team questionnaire. This should be filled out by teams that would like to be included in future updates of this directory, as well as by already included teams who wish to submit changes, deletions, and/or additions. These forms should be submitted to:

MEMA
P.O. Box 1496
Framingham, MA 01701-0317
